### Hair Today, Gone Tomorrow

Yaletown's chic waxing boutique Sugarbox (page 18) is all about hair—hair removal, to be precise. The brand-new, ultra-girly location offers treatments for both women and men. Book an appointment for a brow grooming (no one likes a unibrow) and tinting. Prep for swimsuit season with a bikini, French or Brazilian wax—a growing trend with guys, too. Ladies, spice things up with shaping, colouring and even a bedazzling of rhinestone crystals on that extra-delicate area.

### Bright Eyes

Protect your peepers from harmful rays with a pair of Claudia Alan sunglasses (pictured, \$45), available online at [www.claudiaalan.com](http://www.claudiaalan.com). Cool fact: Corrine Hunt designed the First Nations artwork on these stylish shades, and also co-designed the medals for the 2010 Winter Games.
